Genesis 1:14 - And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years.

God created light on the first day of creation, but it wasn’t until the fourth day that He created the sun, moon, and stars. There was light three days before there was what we now know to be the source of light. It seems to me that Genesis 1:14 disproves this long Earth theory. This account says the earth existed before God created the sun, moon, and stars. That shoots evolution in the head. Also, all the old age Earth theories have animals dying prior to Genesis 1 and speculate that’s where the fossil records come from. But Romans 6:23 clearly states the wages of sin are death. If animals were dying prior to when Adam and Eve sinned, then they were not the ones who ushered death into the world, which is inconsistent with Scripture.

Genesis 1:25 - And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

Notice that God made all of these animals after their own kind. They didn’t all evolve from one kind and then become many different kinds. This disproves the theory of evolution for anyone who believes the Bible.

Job 38:4-5 - Where wast thou when I laid the foundations of the earth? declare, if thou hast understanding. [5] Who hath laid the measures thereof, if thou knowest? or who hath stretched the line upon it?

Creation speaks to every person in every language. This is one reason the whole evolution deception is so damaging. Those who buy into that lie relegate all the magnificent accomplishments of creation to chance or Mother Nature. This totally distorts creation’s witness.

Killing Sacred Cows

A sacred cow is protected from the butcher, even when people are starving. Religion has its own “sacred cows,” wrong beliefs that are kept alive no matter the cost. In this series, Andrew is taking them all to the slaughterhouse.

The New You & The Holy Spirit

You need to understand what happened when you received Jesus as your Lord and Savior. When you do, you’re ready for what’s next: the baptism of the Holy Spirit! Learn what the Bible has to say about the Holy Spirit’s role in your life. This is crucial to a successful walk with God.
Job 38:5 is amazing reasoning. Most people begin their reasoning with certain assumptions. They just take the existence of the heavens and Earth for granted. Even those who subscribe to the “Big Bang” theory of evolution aren’t starting at the beginning. Where did all the matter and energy for the “Big Bang” come from? If you keep going back to the foundation of all things, as the Lord is directing Job to do here, that path will always lead to a Supreme Being who created everything.

Job 38:6 - Whereupon are the foundations thereof fastened? or who laid the corner stone thereof.

This is mind-boggling. What is the earth sitting on? We know today that it is floating in space. But it is so perfect in its orbit around the sun that this couldn’t be coincidence. If we were closer to the sun, we would all burn up. If we were farther away, we would freeze. And the orbit of the earth and the other planets and stars are so perfect that we can predict years in advance exactly where each one will be. This could only happen by the handiwork of a Creator.

Psalm 19:1 - The heavens declare the glory of God; and the firmament sheweth his handiwork.

Everything in nature points to the Lord. Even a single blade of grass disproves evolution. If all the energies of mankind were focused on nothing else, they couldn’t produce one single, living blade of grass. They could create something that looks and feels like grass. But it wouldn’t be alive. It couldn’t reproduce. If this smallest act could not be accomplished by deliberate effort, then how foolish is it to believe that the infinite complexity of nature could happen by chance?

If man landed on Mars and found a house, only a fool would think that it just evolved. That would be conclusive proof that some person or thing made it. Yet people see all the wonders of Earth and heaven and think they just happened.

Ecclesiastes 12:1 - Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them.
People often deny the obvious and try to come up with some other explanation other than God as a Creator. This is what is taking place with the theory of evolution. It is so ridiculous that you wonder why an intelligent person would believe such a thing. But people want to believe in evolution because it does away with God and makes them like an animal—with no accountability to a Creator.

Hebrews 11:3 - *Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear.*

This verse directly explains if the earth was formed by creation or evolution. Faith gives us the understanding that God created the heavens and the earth. The heavens and the earth were not created from nothing. They were created from things that couldn’t be seen but did already exist.

“Whether you look in the earth, on the earth, or outside the earth in space, there is plenty of evidence to show the earth is young,” argues Dr. Grady McMurty, MS in Evolutionary Theory from State University of New York. “There are over 270 geochronometers, or Earth time clocks, that demonstrate recent creation of the universe.” Below are just a few of the strong pieces of evidence that show the earth is young—not millions of years old.

Continent Formation:

Evolutionists agree that the Pangaea Globe shows how all the continents used to fit together like puzzle pieces until a crack going up the middle occurred when the waters stored beneath the earth’s crust cleaved up from below. Evolutionists believe this took hundreds of millions of years to occur.

Creationists know from the stretch marks in the Indian Ocean (see Fig. 2)—which only happen when something occurs quickly—that if evolution were true and it took hundreds of millions of years, you wouldn’t see the stretch marks in the ocean because there would be deep layers of mud due to years and years of rain washing sediment off the continent.

We have flat sandy bottoms (abyssal plains) right up against the side of continents,

meaning this all formed in a short period of time.

**The Layers of the Rocky Mountains**

If *evolution* were true—the layers of the Rocky Mountains (see Fig. 3) would be flat because water seeks its own level and lays down flat. Instead there are wavelike layers, undulations, showing rapid formation.

If *evolution* were true—there would need to be much more evidence of erosion material at the bottom. The erosion material currently present supports a formation time of a few thousand years, not 300 million years!

### Missing Layers

**If evolution were true**—there would have to be some period during which these layers were exposed to rain and time, before the next layer was deposited. But as Figure 4 shows, there are no soil horizons (places where rock erodes into soil) in between the layers. Also, there are no V-shaped erosion marks, which occur when layers are exposed to rain. This layer would be filled with mud, animal holes, or root holes. The lack of these layers shows that these layers were deposited at one time in a really big flood and that they were not exposed to a period of time—one after the other over millions of years.
Mount St. Helens formed in 1980—We are sure!

During the initial eruption on May 18, twenty-five feet of ash was laid down in one layer. The second layer is actually comprised of several layers that formed during a second eruption over a period of five hours. All these layers were formed in fewer than twenty-four hours. Also, there were three distinct events during the time of the eruptions from 1980 to 1982. But all three layers—a total of seventy-five feet—came into existence in fewer than three days. This shows that geological features form quite rapidly.

Psalm 139:14-16 – I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well. [15] My substance was not hid from thee, when I was made in secret, and curiously wrought in the lowest parts of the earth. [16] Thine eyes did see my substance, yet being unperfect; and in thy book all my members were written, which in continuance were fashioned, when as yet there was none of them.

The wording in the King James Version (KJV) is a little difficult, but this is saying that God knew us in our mothers’ wombs. He considered us a person before we were completely formed and already had plans for our lives before we were born. The NIV translates this:

Psalm 139:14-16 (NIV) – I praise you because I am fearfully and wonderfully made; your works are wonderful, I know that full well. [15] My frame was not hidden from you when I was made in the secret place, When I was woven together in the depths of the earth. [16] Your eyes saw my unformed body; all the days ordained for me were written in your book before one of them came to be.

Jeremiah 1:4-5 – Then the word of the LORD came unto me, saying, [5] Before I formed thee in the belly I knew thee; and before thou camest forth out of the womb I sanctified thee, and I ordained thee a prophet unto the nations.

Galatians 1:15 – But when it pleased God, who separated me from my mother’s womb, and called me by his grace.

These scriptures show that God has a calling and purpose for a child in the womb. God doesn’t call fetuses and tissue; He calls human beings.

It was prophesied that John the Baptist would be filled with the Holy Spirit from his mother’s womb (Luke 1:15). That verse in the Amplified Bible (AMP) clearly states this meant John would be filled with the Holy Spirit in Elizabeth’s womb.

Partner Violence

Homosexual and lesbian couples experience by far the highest levels of intimate partner violence compared with married couples as well as cohabiting heterosexual couples. It is 300 times greater among homosexual men and 44 times greater among lesbians than traditional married couples (see graph on page 21).

Bureau of Justice Statistics Special Report, January 31, 2002
Luke 1:15 (AMP) – For he will be great and distinguished in the sight of the Lord. And he must drink no wine nor strong drink, and he will be filled with and controlled by the Holy Spirit even in and from his mother’s womb.

This was fulfilled in Luke 1:41 when Elizabeth was filled with the Holy Spirit at the sound of Mary’s greeting. The Holy Spirit would never fill or inhabit just a piece of flesh. John was a person even though this was only six months into Elizabeth’s pregnancy.

Luke 1:41 – And it came to pass, that, when Elisabeth heard the salutation of Mary, the babe leaped in her womb; and Elisabeth was filled with the Holy Ghost.

The Scriptures also say that John leapt for joy in his mother’s womb when he heard the sound of Mary’s greeting (Luke 1:44).

Luke 1:44 – For, lo, as soon as the voice of thy salutation sounded in mine ears, the babe leaped in my womb for joy.

This shows that babies have emotions and are aware of things outside of themselves at just twenty-four weeks into gestation. Babies are not just “fetuses”; they are people with feelings and emotions even though they are not outside of their mothers’ wombs.

If you say a baby isn’t truly human until it can survive outside of their mother, then how far do you take that? Newborns can’t survive on their own. They have to be nurtured for years before becoming self-sustaining. By taking that approach, you could justify killing a child until they could walk, talk, feed themselves, work, make a living, etc. There would be no end to that line of reasoning.

Life begins at conception, and we do not have the choice of taking another person’s life except in self-defense or as punishment for only the most severe crimes. An unborn child has certainly committed no such crime. Abortion is murder.

Why Do Women Have Abortions?

1 Corinthians 6:9-10 – Know ye not that the unrighteous shall not inherit the kingdom of God? Be not deceived: neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind. [10] Nor thieves, nor covetous, nor drunks, nor revilers, nor extortioners, shall inherit the kingdom of God.

The Greek word *arsenokoites*, which was translated “abusers of themselves with mankind” here, was only used one other time in the New Testament. In 1 Timothy 1:10, it was translated “for them that defile themselves with mankind.” The NIV renders “abusers of themselves with mankind” as “homosexual offenders.”

1 Timothy 1:9-11 – Knowing this, that the law is not made for a righteous man, but for the lawless and disobedient, for the ungodly and for sinners, for unholy and profane, for murderers of fathers and murderers of mothers, for manslayers. Genesis 1:27 – So God created man in his own image, in the image of God created he him; male and female created he them.

God didn’t create man to be homosexual. If he had, there wouldn’t be a human race today. God made them Adam and Eve, not Adam and Steve.

Genesis 19:4-5 – But before they lay down, the men of the city, even the men of Sodom, compassed the house round, both old and young, all the people from every quarter. [5] And they called unto Lot, and said unto him, Where are the men which came in to thee this night? bring them out unto us, that we may know them.

Genesis 19:24 – Then the L ORD rained upon Sodom and upon Gomorrah brimstone and fire from the L ORD out of heaven.

The New International Version (NIV) translates the last part of Genesis 19:5, “Bring them out to us so that we can have sex with them.” This is clearly referring to homosexuality. God’s judgment on Sodom and Gomorrah shows His abhorrence for homosexuality. Just because God isn’t imputing our sins unto us under the New Covenant doesn’t mean that this is now acceptable behavior.

It’s still sin.

Leviticus 18:22 – Thou shalt not lie with mankind, as with womankind: it is abomination.

Homosexuality is an abomination to the Lord. It is an abomination to any godly person too.

Leviticus 20:13 – If a man also lie with mankind, as he lieth with a woman, both of them have committed an abomination: they shall surely be put to death; their blood shall be upon them.

God’s standard hasn’t changed. Homosexuality is an abomination to the Lord. But we don’t put people to death for it anymore for the same reason that we don’t kill children who curse their parents (Ex. 21:17, Lev. 20:9, Prov. 20:20, and Deut. 21:18-21). Jesus bore all of our punishment so we don’t have to bear it. But homosexuality is still an abomination. Under the Old Covenant, people couldn’t be saved and delivered of homosexuality. So, killing those who committed these terrible sins was like cutting out a cancer. But now that we have the cure for sin, we don’t kill people. We offer them life instead.

Deuteronomy 23:17-18 – There shall be no whore of the daughters of Israel, nor a sodomite of the sons of Israel. [18] Thou shalt not bring the hire of a whore, or the price of a dog, into the house of the L ORD thy God for any vow: for even both these are abomination unto the L ORD thy God.

By comparing verses 17 and 18, it is clear that this scripture is referring to a homosexual as a dog. This very derogatory slur against homosexuality is an unmistakable indication of what God thinks of homosexuality. It can be forgiven but only if it is acknowledged as sin.

1 Kings 14:24-32 – And there were also sodomites in the land: and they did according to all the abominations of the nations which the L ORD cast out before the children of Israel.

This is another clear reference that homosexuality is an abomination to the Lord.

Romans 1:24-32 – Wherefore God also gave them up to uncleanness through the lusts of their own hearts, to dishonour their own bodies between themselves. [25] Who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed for ever. Amen. [26] For this cause God gave them up unto vile affections: for even their women did change the natural use into that which is against nature. [27] And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another; men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet. [30] Backbiters, haters of God, despiteful, proud, boasters, inventors of evil things, disobedient to parents. [31] Without understanding, covenant-breakers, without natural affection, implacable, unmerciful.[32] Who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them.

Verse 26 shows that homosexuality isn’t the first sin a person participates in. It only comes after an individual has hardened their heart to the Lord. And verse 28 shows that homosexuality is the last step before the Lord gives a person up to a reprobate mind, which leads to total lawlessness.

1 Corinthians 6:9-10 – Know ye not that the unrighteous shall not inherit the kingdom of God? Luke 1:15 (AMP) – For he will be great and distinguished in the sight of the Lord. And he must drink no wine nor strong drink, and he will be filled with and controlled by the Holy Spirit even in and from his mother’s womb.

This was fulfilled in Luke 1:41 when Elizabeth was filled with the Holy Spirit at the sound of Mary’s greeting. The Holy Spirit would never fill or inhabit just a piece of flesh. John was a person even though this was only six months into Elizabeth’s pregnancy.

Luke 1:41 – And it came to pass, that, when Elisabeth heard the salutation of Mary, the babe leaped in her womb; and Elisabeth was filled with the Holy Ghost.

The Scriptures also say that John leapt for joy in his mother’s womb when he heard the sound of Mary’s greeting (Luke 1:44).

Luke 1:44 – For, lo, as soon as the voice of thy salutation sounded in mine ears, the babe leaped in my womb for joy.

This shows that babies have emotions and are aware of things outside of themselves at just twenty-four weeks into gestation. Babies are not just “fetuses”; they are people with feelings and emotions even though they are not outside of their mothers’ wombs.

If you say a baby isn’t truly human until it can survive outside of their mother, then how far do you take that? Newborns can’t survive on their own. They have to be nurtured for years before becoming self-sustaining. By taking that approach, you could justify killing a child until they could walk, talk, feed themselves, work, make a living, etc. There would be no end to that line of reasoning.

Life begins at conception, and we do not have the choice of taking another person’s life except in self-defense or as punishment for only the most severe crimes. An unborn child has certainly committed no such crime. Abortion is murder.

Psalm 139:14-16 – I will praise thee; for I am fearfully and wonderfully made: marvellous are thy works; and that my soul knoweth right well. [15] My substance was not hid from thee, when I was made in secret, and curiously wrought in the lowest parts of the earth. [16] Thine eyes did see my substance, yet being unperfect; and in thy book all my members were written, which in continuance were fashioned, when as yet there was none of them.

The wording in the King James Version (KJV) is a little difficult, but this is saying that God knew us in our mothers’ wombs. He considered us a person before we were completely formed and already had plans for our lives before we were born. The NIV translates this:

Galatians 1:15 – But when it pleased God, who separated me from my mother’s womb, and called me by his grace.

These scriptures show that God has a calling and purpose for a child in the womb. God doesn’t call fetuses and tissue; He calls human beings.

It was prophesied that John the Baptist would be filled with the Holy Spirit from his mother’s womb (Luke 1:15). That verse in the Amplified Bible (AMP) clearly states this meant John would be filled with the Holy Spirit in Elizabeth’s womb.

Partner Violence
Homosexual and lesbian couples experience by far the highest levels of intimate partner violence compared with married couples as well as cohabiting heterosexual couples. It is 300 times greater among homosexual men and 44 times greater among lesbians than traditional married couples (see graph on page 21).

Mount St. Helens formed in 1980—We are sure!

During the initial eruption on May 18, twenty-five feet of ash was laid down in one layer. The second layer is actually comprised of several layers that formed during a second eruption over a period of five hours. All these layers were formed in fewer than twenty-four hours. Also, there were three distinct events during the time of the eruptions from 1980 to 1982. But all three layers—a total of seventy-five feet—came into existence in fewer than three days. This shows that geological features form quite rapidly.

meaning this all formed in a short period of time.

The Layers of the Rocky Mountains

If evolution were true—the layers of the Rocky Mountains (see Fig. 3) would be flat because water seeks its own level and lays down flat. Instead there are wavelike layers, undulations, showing rapid formation.

If evolution were true—there would need to be much more evidence of erosion material at the bottom. The erosion material currently present supports a formation time of a few thousand years, not 300 million years!

Missing Layers

If evolution were true—there would have to be some period during which these layers were exposed to rain and time, before the next layer was deposited. But as Figure 4 shows, there are no soil horizons (places where rock erodes into soil) in between the layers. Also, there are no V-shaped erosion marks, which occur when layers are exposed to rain. This layer would be filled with mud, animal holes, or root holes. The lack of these layers shows that these layers were deposited at one time in a really big flood and that they were not exposed to a period of time—one after the other over millions of years.

“Whether you look in the earth, on the earth, or outside the earth in space, there is plenty of evidence to show the earth is young,” argues Dr. Grady McMurry, MS in Evolutionary Theory from State University of New York. “There are over 270 geochronometers, or Earth time clocks, that demonstrate recent creation of the universe.” Below are just a few of the strong pieces of evidence that show the earth is young—not millions of years old.

**Continent Formation:**

**Evolutionists agree** that the Pangaea Globe shows (see Fig. 1) how all the continents used to fit together like puzzle pieces until a crack going up the middle occurred when the waters stored beneath the earth’s crust cleaved up from below. Evolutionists believe this took hundreds of millions of years to occur.

**Creationists know** from the stretch marks in the Indian Ocean (see Fig. 2)—which only happen when something occurs quickly—that if evolution were true and it took hundreds of millions of years, you wouldn’t see the stretch marks in the ocean because there would be deep layers of mud due to years and years of rain washing sediment off the continent.

We have flat sandy bottoms (abyssal plains) right up against the side of continents,
People often deny the obvious and try to come up with some other explanation other than God as a Creator. This is what is taking place with the theory of evolution. It is so ridiculous that you wonder why an intelligent person would believe such a thing. But people want to believe in evolution because it does away with God and makes them like an animal—with no accountability to a Creator.

Hebrews 11:3 - *Through faith we understand that the worlds were framed by the word of God, so that things which are seen were not made of things which do appear.*

This verse directly explains if the earth was formed by creation or evolution. Faith gives us the understanding that God created the heavens and the earth. The heavens and the earth were not created from nothing. They were created from things that couldn’t be seen but did already exist.

Genesis 1:14 - And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years.

God created light on the first day of creation, but it wasn’t until the fourth day that He created the sun, moon, and stars. There was light three days before there was what we now know to be the source of light. It seems to me that Genesis 1:14 disproves this long Earth theory. This account says the earth existed before God created the sun, moon, and stars. That shoots evolution in the head. Also, all the old age Earth theories have animals dying prior to Genesis 1 and speculate that’s where the fossil records come from. But Romans 6:23 clearly states the wages of sin are death. If animals were dying prior to when Adam and Eve sinned, then they were not the ones who ushered death into the world, which is inconsistent with Scripture.

Genesis 1:25 - And God made the beast of the earth after his kind, and cattle after their kind, and every thing that creepeth upon the earth after his kind: and God saw that it was good.

Notice that God made all of these animals after their own kind. They didn’t all evolve from one kind and then become many different kinds. This disproves the theory of evolution for anyone who believes the Bible.

Job 38:4-5 - Where wast thou when I laid the foundations of the earth? declare, if thou hast understanding. [5] Who hath laid the measures thereof, if thou knowest? or who hath stretched the line upon it?

Creation speaks to every person in every language. This is one reason the whole evolution deception is so damaging. Those who buy into that lie relegate all the magnificent accomplishments of creation to chance or Mother Nature. This totally distorts creation’s witness.
Job 38:5 is amazing reasoning. Most people begin their reasoning with certain assumptions. They just take the existence of the heavens and Earth for granted. Even those who subscribe to the “Big Bang” theory of evolution aren’t starting at the beginning. Where did all the matter and energy for the “Big Bang” come from? If you keep going back to the foundation of all things, as the Lord is directing Job to do here, that path will always lead to a Supreme Being who created everything.

Job 38:6 - Whereupon are the foundations thereof fastened? or who laid the corner stone thereof.

This is mind-boggling. What is the earth sitting on? We know today that it is floating in space. But it is so perfect in its orbit around the sun that this couldn’t be coincidence. If we were closer to the sun, we would all burn up. If we were farther away, we would freeze. And the orbit of the earth and the other planets and stars are so perfect that we can predict years in advance exactly where each one will be. This could only happen by the handiwork of a Creator.

Psalm 19:1 - The heavens declare the glory of God; and the firmament sheweth his handywork.

Everything in nature points to the Lord. Even a single blade of grass disproves evolution. If all the energies of mankind were focused on nothing else, they couldn’t produce one single, living blade of grass. They could create something that looks and feels like grass. But it wouldn’t be alive. It couldn’t reproduce. If this smallest act could not be accomplished by deliberate effort, then how foolish is it to believe that the infinite complexity of nature could happen by chance?

If man landed on Mars and found a house, only a fool would think that it just evolved. That would be conclusive proof that some person or thing made it. Yet people see all the wonders of Earth and heaven and think they just happened.

Ecclesiastes 12:1 - Remember now thy Creator in the days of thy youth, while the evil days come not, nor the years draw nigh, when thou shalt say, I have no pleasure in them.
