## *Blessings & Miracles*

Wouldn't it be great if God did a miracle for you! It certainly would - but did you know that there is something better than a miracle? That's to live so much in the blessing of God that you never need God to perform a miracle on your behalf! Let's look at why a blessing is normally better than a miracle.

Miracles only occur when we are in a crisis situation. It's better to be so blessed that we never need to have a miracle.

A miracle is a suspension or a superseding of natural laws, God doesn't suspend his natural laws unless there is no other option and he always reverts back to the normal operation of those laws.

Miracles are therefore a temporary fix. The longest lasting miracle in the Bible was the giving of the manna to the children of Israel as they wandered in the desert. That miracle lasted forty years.

Blessings are permanent solutions. Once God has blessed you, it's a done deal and not even the devil can stop it. Behold, I have received commandment to bless; and he hath blessed; and I cannot reverse it **Numbers 23:20**.

Blessings are a more abundant provision than miracles. Just consider - which would you rather have, God's miracle of manna for 40 years or the blessing of living permanently in a land flowing with milk and honey!

*The only one who can stop you receiving your blessing is you – through unbelief or lack of cooperation with God's spiritual laws. Balaam knew that he couldn't curse Israel and stop them from being blessed. A blessing received in faith is always stronger than a curse.*

*God's original intention was for us to live under His blessing. If sin hadn't corrupted creation, everyone would be healthy and prosperous, there would be no strife, no lack, no ill-health and no need for a miracle!*

*What is God's blessing and how do we receive it? The blessing of God is His divine spoken favour and it is received through Christ. Once mixed with faith, it will produce abundance in our spirit, our soul and our body. If you are a Christian you are already blessed – you simply need to learn how to manifest that blessing in your life and then you will begin to prosper as never before.*
